

step 1      paint a first layer in lemon yellow, then add more layers to deepen the value of shaded part      step 2

step 3      glaze again using another darker analogous color (e.g. raw sienna)      step 4

use an analogous deeper toned color (e.g. hansa yellow) to increase values of the form shadow

form shadow

cast shadow

use a complementary color (purple) to paint the cast shadow & the darkest part of the form shadow
